Discipline still, as we have got to  
as well as commercial for the industry.  
Now it is perfect. In case, I find time  
which comes of habit, I ~~will~~ <sup>not</sup> be  
for ever the study of discipline in the mission.  
Indeed, when we observe the pure deportment  
of the men when military service is overweal  
we are inclined to think that the State at least  
~~under compulsion~~ to give physical training  
to all its youth, however ~~poor~~ <sup>this is not the</sup> at all  
that a regular service is required.

~~the system~~, poor well, do not a personnel.  
No man has <sup>by</sup> a cap; for Father Trickey and the  
only man who has <sup>been</sup> named the ~~will~~ <sup>not</sup> be  
tortured while his body was confined. Under  
compulsion is undoubtedly we know, but  
discipline is useful & it rests with the Govern-  
ments to find the golden mean & that <sup>goes</sup> beyond  
with intervals for payment to be exceeded.  
In common rotation, Boys and Girls  
their legs now offer to torture their master &  
~~misused~~ <sup>misused</sup> in fear of their host without being made  
throughout liberty.

To liberty in ~~the~~ <sup>the</sup> ~~united~~ <sup>United</sup> dominions

He is the person whom the truth makes full  
and all our members.

## "but only knowledge"

They cannot be libertarians only, and have  
to remain close to their principles; they can  
not let "existing Religions" as we used to know them  
exist; But now in what we think them to be  
we certain religious figures, or by ~~the~~<sup>date of</sup> ~~the~~<sup>the</sup> ~~the~~<sup>the</sup>  
we certain personified sacrifice ~~and~~<sup>and</sup>.

for us it would be preferable, & someday  
we shall realize, that all knowledge of good is  
inspiration, revelation, whether it is to teach  
us, or, it paints vision, the adventure,  
free about knowledge, to evolution, of history,  
or the direct revelation of God.

If a Child is the image of his God,  
the birth is synonymous with the whole  
range of knowledge, without this being too  
theoretical & broad, for all knowledge is to be  
as begin to be the measure of the truth in  
these things. We cannot go forth from  
the intolerable bondage of fallacies, & to come  
so surely at a time when every man around  
can begin here; I believe that life & death  
is nothing if life is left in man unless he is fit for  
it. Now the New England Puritan did not  
know this, nor did he by self-existing nature  
be born in man & created, until he did himself

~~independence~~

is openness

which makes it well, <sup>not</sup> ~~the~~ <sup>and</sup> good for the  
~~fantastic action~~ <sup>after</sup> of the Lord of Misrule.  
It is true that who proposes to educate  
thoroughly ~~our~~ <sup>our</sup> soldiers, ~~our~~ <sup>last</sup> line of  
defence ~~and~~ <sup>most</sup> ~~what~~ in arm is  
as far off if we had not failed in our  
efforts ~~but~~ <sup>had</sup> been otherwise  
~~it~~ <sup>that</sup> is the goal of education.

Very measures will not do, a  
revolution is called for, I think.  
I will tell you how I  
think ~~the~~ <sup>the</sup> principles & methods of  
education must be. Of course revolution.  
All is rotten ~~early~~ now ~~in~~ <sup>now</sup> ~~any~~ <sup>any</sup> ~~way~~ <sup>way</sup>.  
But ~~there~~ <sup>there</sup> ~~is~~ <sup>is</sup> of it ~~specie~~ <sup>specie</sup> of the job.  
The main point is the ~~measures~~ <sup>measures</sup> of  
the ~~comparisons~~ <sup>comparisons</sup> of how awfulness of thought  
in which he is ~~the~~ <sup>the</sup> target, in which he faces  
an education of mind. Not only a job which  
he has done, but music, poetry, art  
mathematics, the collector of stamps,  
botany, is pre-eminently ~~his~~ <sup>his</sup> pastime in  
large rooms.  
In particular the education, certain barriers

much removed with intellects &  
physical strength in many ways  
regarding boys & girls & an interpretation  
of the spirit of education.
